

<b>POSITION: Nurse Facilitator</b>	<b>COMPETITION: 2021-532</b>
<b>STATUS: Part-Time</b>	<b>DEPARTMENT: Assault Response &amp; Care Centre</b>
<b>DATE POSTED: December 7, 2021</b>	<b>DATE CLOSED: January 30, 2022</b>
<b>UNION ASSOCIATION: ONA</b>	

**POSITION SUMMARY:**

Working under the supervision of the Manager and working as a member of the multidisciplinary Assault Response and Care Centre Team, the Nurse Facilitator provides a comprehensive, inclusive, nursing/forensic response in our hospital setting to all adults and youth who have been exposed to sexual assault and or domestic violence.

As part of a Provincial Network, this position provides the unique opportunity to develop advanced skills in trauma informed care. It is ideal for an independent, highly motivated person who enjoys working with community partners and representing the Centre at various public events and initiatives.

The Nurse Facilitator assists the Manager in the recruitment, training and orientation of the nursing team. This position oversees the on-call nursing schedule, organizes the nursing office and maintains supplies, equipment and files. Also taking shifts on the nursing on-call rotation is an expectation. Assist in developing and maintaining policies and procedures that fulfil the mandate of the Ontario Sexual Assault/Domestic Violence Care and Treatment Centres. Act as a liaison with the emergency department.

Act as clinical lead for the nursing team providing appropriate nursing/forensic intervention and follow-up to assaulted individuals. Consultation and close collaboration with Crown, police and other community partners is paramount to the success of this program. Represent the Centre on various boards and committees and provide health teaching and public awareness on issues related to SA/DV

**REQUIREMENTS:**

**Education and Experience:**

- College diploma or University degree in Nursing
- Current registration with the College of Nurses of Ontario
- Sexual Assault Nurse Examiner (SANE) designation preferred
- Demonstrated experience in program and policy development

**Knowledge, Skill and Abilities:**

- Sound ability in leading a multidisciplinary team
- Adherence to a feminist analysis of violence
- Knowledge of the criminal justice system
- Clinical experience working with survivors of sexual and partner violence with an understanding of rural issues
